

FISH

FISH PRODUCT ASSORTMENT

ABOUT COMPANY

ICECO FISH – one of the largest growing fish processing factories in the Baltic States

Since 1995, ICECO Fish UAB has been gaining experience in the fish processing area, and is now one of the leading companies on the Lithuanian market. The main production operations of the company:

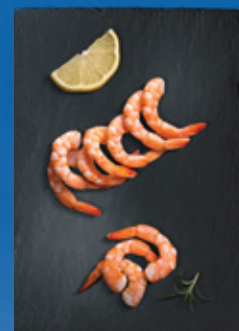

SALMON

HERRING

COD AND OTHER
WHITE FISH

PARTIAL PROCESSING AND
PACKAGING OF SEAFOOD

Our mission is to produce only top quality fish products and seafood, and to ensure that the existing and potential consumers use more fish in their diet.

Our values:

TOP QUALITY OF
THE PRODUCTS

OPINION OF OUR
CONSUMERS

FLEXIBILITY OF
PRODUCTION

TRUST OF THE
BUSINESS PARTNERS

DEVELOPMENT AND
PROFESSIONALISM OF THE
COMPANY EMPLOYEES

CONTINUOUS
MODERNISATION
OF PRODUCTION

1995

Kraitene UAB was established.

The company began its operations by building two modern fish and ice cream factories. By continuously investing into expansion of production and development of trademarks ZIGMAS, JUNGAS, AURUM and TIRPUKAS, Kraitene UAB became one of the largest producers of fish and ice cream in the Baltic countries. For many years the fish and ice cream products manufactured by the company had the largest share of the local market.

2011

The established Lithuanian capital company ICECO UAB purchased a movable and immovable property complex of Kraitene UAB, a company producing fish and ice cream, and continued the traditions of production and trade in the fish and ice cream products.

2012

A network of ICECO UAB company stores encompassing 14 Lithuanian cities was launched.

2015

In 2015, ICECO UAB was reorganised to separate production of fish products from other company operations. A new company ICECO fish UAB was established.

A team of professionals in fish production and management

We believe that the successful operation of our company depends on the success of its employees, therefore we continuously develop their competences.

We consistently expand their knowledge by offering various trainings and organising team-building sessions, and we guarantee good social benefits throughout the employment.

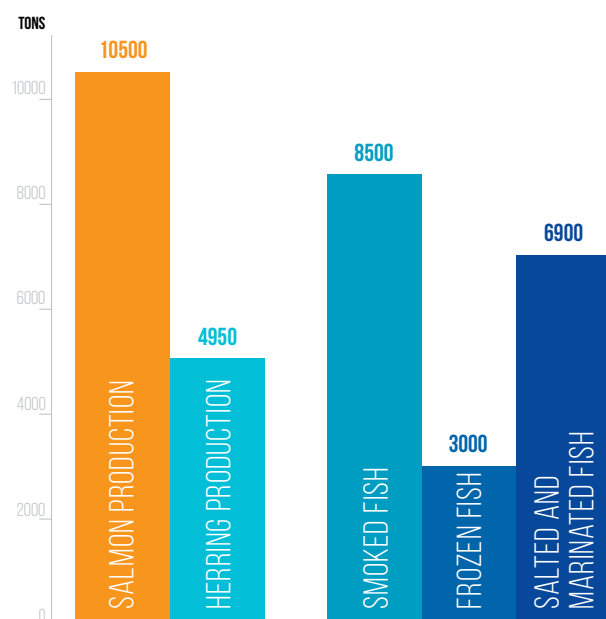

We are proud to be certified

- ✓ All ICECO FISH production processes from raw material to finished products are constantly reviewed and certified in accordance with the global requirements by an internal audit team and external audit companies.
- ✓ ICECO FISH is a manufacturer of certified bio-products (ecological salmon fillet, trout, cod).
- ✓ The company has implemented an integrated food safety and quality management system.
- ✓ Also we are able to produce non MSC or ASC certified products.

Annual production capacity

LOCATION

Located in the south west of Lithuania with easy access to Europe by road or sea

ICECO FISH company is based near Marijampolė town (with population of 66 000 people), in the south-west of Lithuania and 30 km from the Polish border.

The international highway VIA BALTICA, connecting the countries of the Western Europe and the Baltic States, lies less than 5 km away from the factory.

The distance from the factory to the largest Baltic seaport in Klaipėda is 250 kilometers. From the Klaipėda Seaport cargoes are transported worldwide.

Large part of ICECO FISH products are exported abroad

75% EXPORT SHARE
OF OUR PRODUCTION

PRODUCTION

We are experts in salmon production

- SALMON is No.1 fish in our production range (approx. 63% of the total output)
- We have been improving our salmon production technologies for 16 years, and now we are able to offer top quality salmon products made from fish farmed in Norway.

RANGE AND VARIATIONS OF SALMON:

- Cold smoked / hot smoked / marinated / salted / dried
- Salmon fillets / Fillets sliced / fillet portions / cutlets
- Natural / with spices / with sauce
- Chilled / frozen
- Vacuum laminate / MAP / bag / box / other ...

Long lasting traditions of herring production

- Herring takes the second place in the production share at our factory after salmon (approx. 21 % of the total output)
- Our highly experienced production technologists develop herring products of exceptional taste. It is due to this fact that our herring products are loved by the clients.

RANGE AND VARIATIONS OF HERRING:

- Marinated / salted / cold smoked / hot smoked
- Fillets / fillet pieces / rollmops / salad / cutlets / with head / head off
- Natural / with spices / with sauce / with other various ingredients
- Chilled / frozen
- MAP / vacuum bag / plastic bucket / plastic box / plastic jar / metal can

White fish and other seafood

- In addition to salmon and herring, the quantities of white sea fish processed at ICECO fish factory are continuously increasing
- Last year the factory began processing fish from freshwater and closed containment farms (catfish, trout, carp, etc.)
- We also process seafood

BASIC SERVICES:

- Filleting
- Glazing
- Chilling
- Packaging in retail packages
- White fish products (fish balls, casseroles, spreads)

Private label production

- Private label products manufactured at our factory are sold by the largest retail chains in the Western Europe: **ALDI, NETTO, REWE, EDEKA, KAUF LAND and KRONE**
- The largest retail chains in the Baltic States trust the quality of our products: MAXIMA, RIMI, IKI and NORFA
- We are able to offer a wide range of salmon, herring and other fish products processing and packaging services to PL clients.
- Due to our flexible production process, we are able to adapt it according to the clients' requirements and conditions.
- We produce both RETAIL and HORECA products.

The image features four herring fillets arranged vertically on a dark, textured slate background. Each fillet is garnished with different ingredients: the top one has a sprig of dill and mustard seeds; the second has red onion rings and mustard seeds; the third has a sprig of dill and mustard seeds; and the bottom one has red onion rings and mustard seeds. There are also some small red berries and mustard seeds scattered around the fillets.
