MEET ICECO FISH

We are one of the fastest-growing fish processing companies in the Baltics.

Since 1995, ICECO Fish has been consistently raising the bar in quality, integrity and innovation of fish processing and is now one of the leading companies in the market.

Access to a wide variety of saltwater and freshwater fish, flexible production processes and management, extensive experience and a steady focus on taste enables ICECO Fish to successfully compete with other producers operating in the region.

Our main production operations are:

1995

A fish and ice cream production company, then known as Kraitene UAB, began its operations by building two modern fish and ice cream factories. Soon, the ZIGMAS, JUNGAS, AURUM and TIRPUKAS trademarks developed by the company would occupy the largest share in the local market, making UAB Kraitene one of the largest fish and ice cream producers in the Baltics.

2011

Lithuanian capital company ICECO UAB purchased the movable and immovable property complex of Kraitene UAB and continued to build and expand on the traditions of high-quality production and trade of fish and ice cream products.

2015

As the expansion of the business continued, ICECO UAB was reorganised to separate fish production from other company operations. A new company ICECO Fish UAB was established to focus on satisfying the increasing demand for high-quality fish and seafood products.

2018

Seeking to elevate production quality to a new level, ICECO Fish UAB modernised most of its production facilities by installing high-tech packaging equipment. This allowed ICECO Fish UAB to stand out among competitors with hermetically sealed products that are easy to store, transport and consume.

We are on a mission to produce the highest quality fish and seafood products that would enrich the diets of our consumers.

We are valued for:

Top-quality of
our products

Loyalty of our
consumers

Flexibility of
our production

Trust of our
business partners

Competence of
our employees

Innovation of
our processes

We are professionals in fish production and management

We believe that the success of our company starts with the success of our people. That's why we invest in continuous competency and skill development through training and team-building sessions and ensure good employee benefits throughout employment.

We are proud to be certified

ASC-C-00498

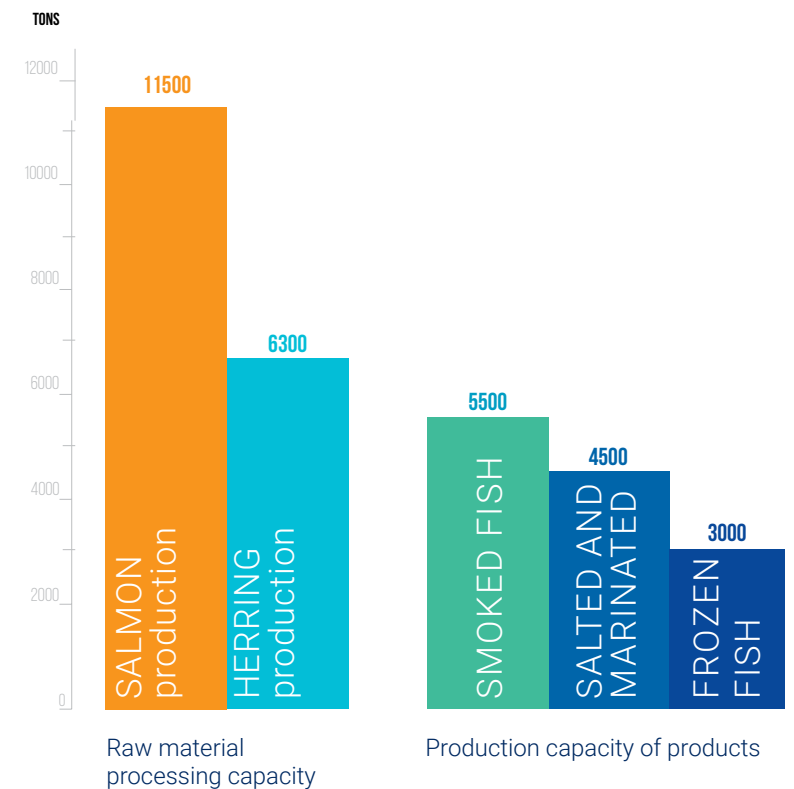

MSC-C-52086

- ✓ Every step of our production process – from raw material to the finished product – is carefully reviewed and certified in accordance with the global requirements by an internal audit team and external audit companies.
- ✓ We are a certified manufacturer of such bio-products as ecological salmon fillet, trout and cod.
- ✓ We have implemented an integrated a food safety and quality management system.
- ✓ We are able to produce non-MSC or ASC certified products.

PRODUCTION
IS EXPORTED

OUR PRODUCTION

SALMON

SALMON is the No.1 fish in our product range, accounting for 63% of our total output. With over 16 years of experience in salmon production and innovation, we are able to offer our consumers products of consistent quality and exceptional taste.

RANGE AND VARIATIONS:

- Cold smoked / hot smoked / marinated / salted / dried
- Salmon fillets / sliced fillets / fillet portions / cutlets
- Natural / with spices / with sauce
- Chilled / frozen

Packaging options: Vacuum laminate / MAP / bag / box / other.

WHITE FISH AND OTHER SEAFOOD

WHITE FISH AND OTHER SEAFOOD is a processing area that is increasingly growing and showing great potential. We have recently started processing fish from freshwater and closed-containment farms, adding catfish, trout, carp and other fish and seafood to our product range.

PROCESSING SERVICES:

- Filleting
- Glazing
- Chilling
- Packaging in retail packages
- White fish products (fish balls, casseroles, spreads)

HERRING

HERRING takes second place in the production share at our factory, accounting for 21% of total output. The herring products developed by our experienced technologists are loved by our consumers for their exceptional taste and convenience.

RANGE AND VARIATIONS:

- Marinated / salted / cold smoked / hot smoked
- Fillets / fillet pieces / rollmops / salad / cutlets / with head / head off
- Natural / with spices / with sauce / with other various ingredients
- Chilled / frozen

Packaging options: MAP / vacuum bag / plastic bucket / plastic box / plastic jar / metal can.

PRIVATE LABEL PRODUCTION

PRIVATE LABEL PRODUCTS manufactured at our factory are sold by the largest retail chains in Western Europe (ALDI, NETTO, REWE, EDEKA, KAUF LAND and KRONE) and the Baltic States (MAXIMA, RIMI, IKI and NORFA). By offering a wide range of salmon, herring and other fish product processing and packaging services we have gained trust and loyalty of our PL clients.

PL SERVICES:

Due to our flexible production process, we are able to adapt to your requirements and needs and efficiently produce both RETAIL and HORECA products.

SALMON

COLD SMOKED

Salmon

1.

Smoked
with beech
wood

High in
PROTEIN

High
OMEGA-3

Our cold smoked salmon is the perfect blend between the richness of this luxurious fish and a subtle smokey aroma. Fresh Norwegian salmon is seasoned with quality salt and then smoked with natural beech wood chips. The final product is rich in protein and Omega-3, making it the perfect choice for elegant canapés or special breakfasts.

The salmon is vacuum (or MAP) sealed for extra freshness and can be packaged in an elegant carton envelope or, for the 800 g option, a decorative gift box.

SALTED

Salmon

1.

Salt from
nature

High in
PROTEIN

High
OMEGA-3

With a firm texture and a silky taste, our salted salmon is the star ingredient in canapes appetizers, salads and spreads. Fresh Norwegian salmon is seasoned with quality salt to reveal its natural flavour and vacuum (or MAP) sealed for extra freshness without any preservatives. Rich in Omega-3 and protein, this salmon is a popular choice in various healthy recipes.

Our salted salmon is available as fillets with skin on or in thin slices with skin removed.

OMEGA-3

Trout

Like are our salmon fillet, Norwegian cold-smoked trout fillets are smoked naturally with beech chips that flavour the products with a natural smoky aroma. These products are rich in protein and OMEGA-3 fatty acids that are incredibly important for health.

Our assortment was complemented by two products: for traditional flavour lovers – sliced cold smoked trout fillet or marinated-cold smoked trout fillet with pepper and horseradish sauce – for a more sophisticated taste.

Both products are a perfect choice for delicious salads, freshly made sandwiches or one-bite appetizers.

Bismarck

HERRING FILLET

Our BISMARCK product line is loved for the well-balanced tanginess of marinade and flavourful, delicate bites of Atlantic herring. This product makes a satisfying weeknight dinner when paired with potatoes or bread and works just as well as an ingredient in a rustic casserole. The high-quality plastic jar gives the product a signature look and displays its mouthwatering contents while the screw cap allows multiple product use.

BISMARCK herring fillet comes in 4 marinades: with cranberries, with dills and onions, in salsa marinade and in cucumber marinade with mustard.

Classical

Our herring fillet CLASSICAL is made with the utmost respect to the natural flavours of fresh fish. Pieces of raw Atlantic herring go through several rounds of selection before being naturally flavoured and covered in Canola oil to preserve freshness. Due to its richness in Omega-3 and subtle flavours, this herring is a favourite ingredient in appetisers and traditional home-made meals.

ZIGMAS herring fillet CLASSICAL comes in 3 flavours: lightly salted (a consumer favourite), with smoke aroma and with spices.

Other seafood

We present you 'I love seafood' canned salmon and mackerel fillets. This is an excellent choice both for eating at home and for traveling as the product has no temperature regime. Both salmon and mackerel are fish rich in omega 3 fatty acids which are important for our body. For a quick and easy snack, we recommend to eat these canned fish products with bread or another garnish.

You can buy two versions of 'I love seafood' canned fish: canned salmon in mango-mustard sauce and canned mackerel in sour-sweet tomato sauce.

Easy Fish

FISH FILLET fingers

Our 'Easy Fish' PREMIUM fish fillet fingers offers a combination of great taste and quality. These fish fingers are made with cod which is filleted and frozen from newly caught cod on a fish processing vessel, thus preserving the nutritional value of fish. We aim to provide customers with natural food, so no polyphosphates are used in their production.

'Easy Fish' PREMIUM fish fingers are packed in a 'skin-pack' method which allows us to preserve freshness, colour, taste and the best quality of the product.

'Easy Fish' fish fillet fingers have 65 percent fish fillet. It is a quick and nutritious meal for lunch or dinner. These fish fingers are made without any preservatives, so they are nutritious as well as tasty.

'Easy Fish' fish fingers can go in the oven, can be deep fried or fried in a pan. It is recommended to eat it with bread, potatoes or salad.
